

EUROPE WILL BE STORM CENTER

War and Political Storm Is Predicted for Central Europe.

By the Associated Press
BUDAPEST, Aug. 28.—Central Europe and Germany will surely be war and political storm centers soon, in the opinion of Victor Dvorack who was president of the Slovakian republic for a period of a few weeks previous to the annexation of Slovakia by the Czechs in November 1918. Slovaks in the United States invited him to visit them this summer.

"I have just completed a tour of all Europe," said Mr. Dvorack, "and these storms are in the air. Germany will break up into small states of a hundred years ago. The 3,000,000 Germans now held by the Czechs will join the Saxons, while the Austrians will join the Barbarians, perhaps."

"There will be a war between the Poles and the Czechs, as the latter have an understanding with the Moscow government. In this war Hungary will help the Poles, in order to get back Slovakia, once her province. Should the Rumanians have difficulties with the Russian bolsheviks over the old province of Bessarabia, this will be a signal for the Hungarians to get back Transylvania. The Hungarians know well that the Allies can't help the Czechs in a military way, and perhaps wouldn't if they could."

"The point that troubles the Hungarians most is the possible attitude of the Serbs should the Hungarians engage in a new war. They hope that Italy in such case would threaten the Serbs. Should the Hungarians first strengthen themselves by helping the monarchists in Austria to overthrow that republic, and then both be joined anew under Emperor Charles, the case with Serbia might be helped."

"Hungary is in such a condition at present that she can't abide by the frontiers of the peace treaty. Two-thirds of her territory has been taken by the Czechs, Serbs and Rumanians, the latter setting nearly one-third. Her population has been cut from 20,000,000 to 8,000,000. These 12,000,000 under new domination are being robbed and mistreated by their new masters, until many flee to Hungary proper."

"This has made a big, dissatisfied population which has no money or work, or any future unless they win back their homes."

"So a new war will inevitably come out of this homelessness and hatred and poverty. In Slovakia the Czechs have tried to rule by arms but the locally enrolled soldiers are fleeing to the forests. Communism has been declared by workmen in the centers about Kaschu. The peasants who used each year to go to the plains of Hungary to till the soil and gather the harvests are not now allowed to cross the frontiers. So they must starve this winter. Already they have but two pounds of bread per month. Czech speculators and carpet-baggers are cutting down the magnificent forests."

"Should disorders break out there it is possible that Hungarian soldiers lately mobilized at Miskolc will cross over and then the Czechs will be driven out."

KANSAS MUST TAKE CARE OF WATER SUPPLY

By the Associated Press
TOPEKA, Kan., Aug. 28.—Kansas must harness its streams and make use of the water that is now going to waste if she hopes to keep pace with other western states, according to J. H. Mercer, state livestock sanitary commissioner. Mr. Mercer plans to call the aid of senators Curtis and Capper in seeking co-operation of the federal government in development of the irrigation and water power projects in the state.

"The government is spending millions of dollars on these projects in Wyoming, Montana, Idaho, Utah and Colorado," said Mr. Mercer. "Every little stream in the mountains is being harnessed. They are furnished water to irrigate the little valleys. The expenditure of half the sum of the fertile plains of western Kansas would net ten times as much good as in the mountain states."

"Every water course in the western half of Kansas should be dammed on regular distances and all the water impounded for use on the rich valley lands. If the government can aid in these projects in the mountain states it can aid in Kansas. I believe this is a matter that the two Kansas senators will try to work out."

UNCLE SAM WINS OLYMPIAD BUT MAY BEAT HIMSELF IN FUTURE

Some of the American winners at the 1920 Olympics. Left to right, above: Richmond W. Landon, who broke high jump record, and Frank Loomis, winner of the 400 metre hurdle race. Below: Charles W. Paddock, winner of the 100 meter dash, and Pat Ryan, winner of the hammer throw.

With all track and field events in the Olympic games at Antwerp, Belgium, completed, America once more is returned an easy winner in the international meet. But the presence of American stars on the coaching staffs of five of the foreign countries

in the games indicate that European nations have come to realize that they need U. S. methods and pep to beat the U. S. The work of these American coaches was noticeable in the records of these foreign squads.

This means that the U. S. will face stiffer opposition in coming meets and must fight to hold its supremacy. Pat Ryan, Charles W. Paddock, Richmond Landon and Frank Loomis were four of the American stars in the games.

AMERICAN LEGION FIND THE MISSING

Soldiers, Presumably Dead, Sought For by Relatives and Friends.

By the Associated Press
NEW YORK, Aug. 28.—The American Legion is making an effort to mitigate a distressing phase of the aftermath of the war, the 2,000 personal mysteries of the great struggle of men who are classified in army and navy lists as "missing in action," "killed in battle," and "presumably dead." The work has been rewarded with some success. It is announced. In several instances the Legion Weekly has obtained for a mother more and clearer details of how her son

vice son died, or put a wife in touch with the comrades of her husband, "missing in action."

Requests of relatives and friends of soldiers, sailors, marines, and military nurses about whose fate little is known, are being sent to newspapers throughout the country for publication. Results of this publicity are carefully tabulated at offices here.

All "buddies," officers, doctors, nurses or welfare workers, who may know something of the person of whom information is sought, are invited to communicate with the friend or relatives. Each week a long list of "mysteries" are published in the Legion's organ and frequently a number of names of men and women who served in the war, but who failed to reach home, is sent to the newspapers.

The current result list of the Legion contains the following instances where desired information was furnished:
Mrs. Catherine Holbeck of Allentown, Pa., asked for information concerning the death of her son, Sgt. Joseph Holbeck of Company D, 109th Machine Gun Battalion, 28th Division, who died in a French hospital. The mother received a letter

from Dr. Joseph Lintz of New York, who attended the dying soldier, giving details of his last hours.

Mrs. Lola Mason of McRae, Ga., asked for information that would throw some light on the disappearance of her son, F. Mason Jr., corporal, 83rd Company, Sixth Marines. The soldier wrote his mother that he would be home for Christmas, 1918, but did not appear and nothing further was heard of him. Mrs. Mason reported that she had received two letters, one from the son himself, saying that he had recovered from a long illness.

Many curious and touching appeals are received. A mother wants to know if her son, who died in a field hospital, "said anything on his death bed." Another parent whose son was gassed, captured and afterward died, desires information from his comrades as to what kind of gas was used and how it affects men. Information is sought of an army nurse who was last heard of enroute to France two years ago. A distressed family seeks word from the "buddies" of its soldier who was last seen walking a battlefield wounded.

ORGANIZATION IS FORMED IN M'ALESTER

McALESTER, Aug. 28.—Organization of the State Jefferson Highway association was effected at the meeting of representatives of nine counties here Thursday. W. F. Dodd of Caddo was chosen president, and Cecil Moore of Muskogee, secretary-treasurer of the state organization. The four directors to the international board will be J. D. Jones, McAlester, R. L. Simpson, Eufaula; W. F. Dodd, Caddo, and C. L. Samuels, Pryor.

Eight of the nine counties were represented in the morning meeting, the delegates from Miami not having arrived up to a late hour. Altogether each county was entitled to but three votes, twenty-seven delegates represented the eight counties present.

A roll call taken of the counties revealed the optimistic information

that each county's roads are in fair shape, and that bonds will be voted on in districts where roads need repairs. The visiting delegates were given a banquet by the commercial club in the evening.

Foreign Information

78 percent of Italian Emigrants is to U. S.

According to figures published by the Emigration Commissariat in Rome 46,802 emigrants left Italian ports during the first three months of 1920. Thirty-six thousand eight hundred and thirty-six, or over 78 percent of them, sailed for the United States, 6,839 went to Argentine and the remainder to Brazil, Canada, Central America and Uruguay. Among the emigrants were 30,695 men and 16,107 women.

During the same three months there arrived in Italy, chiefly from the United States and Argentine, 13,247 immigrants, of whom 10,675 were men.

Better Laws Needed to Stop Gouging Immigrants.

The class of bankers in this country who live by preying upon the foreigner's ignorance of our laws and language has discovered another means of exploiting a foreign group—in this case the Hungarians. The method is as follows:

Knowing that some 75 per cent of the Hungarians in America wish to send for friends and relatives in Hungary to enable them to escape the distressing living of that country, these bankers advertise in the foreign language press that they will transport such persons although they are fully aware that at present no Hungarians are allowed to enter this country. A woman who visited one of these bankers over seven months ago in response to such an advertisement paid him \$230 to bring her small niece to America. She was told at the time that the child would probably be brought over in January. Each month since then she has returned to the office to inquire why the child as not arrived, and has been put off with excuses that complications had arisen and assurances that the girl would come the following month. Unless the banker is running the risk of trying to transport the child in defiance of the immigration law, he is simply waiting until restrictions against Hungarians entering the United States are removed, when he will claim the \$30 fee which the contract stipulates he shall receive. Unfortunately for the woman in the contract, which is in English, also states that if for any reason the child cannot be brought here, he shall nevertheless retain the fee for his services. Furthermore the contract sets no time limit for the return of the money paid for the child's transportation so that even if she is debarré indefinitely, the banker can have continued use of the woman's \$200 in addition to pocketing \$30 outright.

While this would seem to a casual observer to be pure robbery, the special agents investigating these cases report that there is no redress for the woman as the banker worded the contract so cleverly as to keep within the law technically.

The senate of the university of Warsaw has issued the following communique:

On the first solemn occasion of conferring degrees in this regenerated institution of learning in Warsaw, the academic senate, acting on the recommendation of the department of law and political economy, decided unanimously to confer upon President Wilson the honorary degree of doctor of laws, in recognition of never-to-be-forgotten service rendered by him to Poland, and a similar degree upon Herbert Hoover, the constructor of the great humanitarian work and breadwinner to the youth of Poland.

scendants of the Lost Tribes of Israel. In these prophecies the United States is seen in the guise of the tribe of Manasseh and in Ezekiel XVII, 3, is even found a reference to the American eagle. So says the "Northern British-Israel Review," which has recently been added to the curious collection of Anglo-Israelite books now numbering over 140 volumes, which are to be found in the New York Public Library.

This flattering theory, started by the eccentric Richard brothers early in the nineteenth century, is estimated to have 2,000,000 enthusiastic adherents in Great Britain and the United States. It is said to exceed in popularity the kindred theory of the identity of North American Indians with the Ten Tribes.

Free Speech; Free Press; and Free Assemblage!

The Chicago convention of Czechoslovak freethinkers having considered laws adopted by various states declared that certain of those states, under pretense of Americanization, are limiting the rights of free speech, public assembly, teaching in foreign languages, and are preparing measures aimed against the foreign language press. In repudiation of such methods the convention, which represented at least 30,000 persons in the chief Czechoslovak communities of New York, Ohio, Pennsylvania, Wisconsin, Illinois, Minnesota, Iowa, Nebraska, Texas and Kansas, passed the following resolution:

"Be it resolved: That the convention comprehends Americanization in the spirit of Paine, Lincoln, Jefferson and other free-thinking Americans, but resolutely disapproves the intolerant, narrow-minded and Prussian-like Americanizing methods which are in vogue today and which serve openly to foster religious, political and social reaction."

CLARK TRAINING HARD FOR BOUT

Oklahoma Lightweight Who Meets Danny Sheehan Confident.

"Battling Cliff" Clark, Oklahoma lightweight aspirant, who tangles with Danny "Red" Sheehan of Kansas City, in a 15-round bout here Labor Day, has started working out at Convention hall in preparation for the engagement. After several days of conditioning at the Y. M. C. A. gym Clark yesterday afternoon shifted his work to Convention hall, where a goodly crowd of fans saw him go through the paces. Clark is confident he will make a good showing against the rip-tearing Irishman who appeared such a ferocious tear-in scrapper in his only appearance in Muskogee—the May 21 bout with Joe McGowan which resulted in victory for Sheehan in the first round by the kayo route.

Fans will get a chance to see Sheehan in action for several days before the Labor Day bout. His contract provides that he shall be in Muskogee to train not later than September 2, Thursday of next week. He is expected to get here a day or so before that.

Business men behind the Labor Day card plan to have several good preliminaries to set off the card.

TEXAS FEVER FOUND IN WABAUNSEE COUNTY

By the Associated Press
TOPEKA, Kan., Aug. 28.—The outbreak of Texas fever reported in Wabaunsee county is completely under control, according to announcement of J. H. Mercer, state livestock commissioner. All cattle in the county have been dipped and many of them sent to market, Mr. Mercer said.

"The United States bureau of animal industry and my department are conducting an investigation to find out where the cattle are picking up the fever ticks," said the announcement. "We hope to find out before long. But the situation in Wabaunsee is fine and no further trouble is looked for."

Birds.

The world at noon belongs to the sun.
At eve to the home-coming herds;
But while the dew is pearly—very, very early.
The world belongs to the birds.
As still as in a dream lie the meadow and the stream,
'Neath the soaring and outpouring of the birds.
Long, long before there is life at any door,
Or smoke at any roof, or laughing words
Of children fresh from sleeping, the outer world is steeping,
In the heaven-given rapture of the birds
Not a thought of grief or care can enforce admission there
Through the winging and the singing of the birds.

"WILD MAN WANTED" SAYS CONNIE TALMADGE

"In Search Of A Sinner," starring Constance Talmadge, will begin a two day's engagement at the Liberty Theatre, today. Adapted by John Emerson and Anita Loos the picture gives Miss Talmadge, more opportunities for displaying her personality than any of her previous productions.

The action of the play revolves around a girl's somewhat insane desire to "be wicked" and take the wickedest man in New York for a husband. But being extremely wicked, Constance Talmadge finds, is usually as hard as being extremely good. Hence, when she finds the wickedest man available is a member of "The Purity League," she goes in for the delicate art of "making the tame man wild"—and emerges with surprising success.

"In Search Of A Sinner" is distributed by First National Exhibitors' Circuit and is guaranteed to hand you a laugh per flicker.

TWELVE BRIDGES REPORTED BURNED IN OLD MEXICO

By the Associated Press

EAGLE PASS, Texas, July 7.—Reports that twelve bridges had been burned in Mexico, south of Monteclova, gave rise here today to rumors that a new revolution had broken out in the southern republic. Rodol Gonzalez is said to head the new movement.

Reports from below the border yesterday were that a Mexican government paymaster's train had been robbed of \$50,000 Mexican gold, by bandits controlling Monteclova. Troops were reported hurrying there from Torreon. No trains were running beyond Sabenas.

BEGINNING AT JERUSALEM

When the original disciples received their commission to evangelize the world they were told to begin their work at Jerusalem. Knowing the propensity of mortals to look far from home the Master guarded against this propensity by commanding his followers to begin preaching and teaching at Jerusalem. They were at Jerusalem when they received their commission.

If the citizens of this old world should receive today a divine commandment to save the world from political and economic ills, there is little doubt that they would be directed to begin their crusade at home. The man disturbed by the world's extravagance and thriftlessness can easily find in his own business ample room for exercising his gifts of industry and economy. By worrying less about the extravagance of New Yorkers and the thriftlessness of Filipinos and devoting more attention to producing more himself and saving more himself, he can easily find the philosopher's stone at his own door sill.

The man who discovers a way of saving a nickel a day or thirty minutes time a week has conferred a greater boon on himself and family if not on the human race than the man who spends an hour a day lamenting the waste and folly of the present age. The farmer who determines to cut the weeds from his own fence corners before writing a protest against governmental extravagance is in that respect at least a mighty good citizen. And the man who is too busy writing to Washington to sow his fall turnips is not a good American, even though he sleeps under a coverlet made of American flags.

The cross roads economist is wasting both time and energy when he makes an exhaustive study of the national budget system and ignores the expenditures of the local school board. His contribution to the support of the federal government is probably insignificant compared with the amount of taxes he pays to support the district school just over the hill. It is wisdom on his part to study local needs and local economies before engaging in the larger task of reforming the national budget.

Ninety per cent of the complaint we hear concerning waste and extravagance in government is directed against our state government at Oklahoma City. Yet much more than ninety per cent of our taxes is spent right here at home. The county tax rate here in Pontotoc County is nearly three times as great as it is possible for the state rate to be. The school tax rate in Ada is nearly six times as great as the maximum state tax. The city tax in Ada is about six times as much as the maximum state tax. Yet at least nine people out of ten will begin a complaint about taxes with a heated attack on the high cost of state government.

The good citizen always begins his work at Jerusalem. Right at his own door or in his own place of business he will find the proper field for the exercise of his talents. Fight waste and extravagance at home. Fight extravagance government at home. You can never help reduce the cost of government by criticising abuses that go on in far away places. If our state tax were abolished entirely, the reduction would hardly be noticeable. The spendthrift habits of Alaska or Fifth Avenue will not hurt you if you are saving every penny you can and working every hour you can.

There are a hundred reasons why you should go to church tomorrow. You will meet a lot of your friends there. You will see a lot of mighty good people there. You will hear some excellent music and listen to a mighty good sermon. You will gladden the heart of the preacher and make your neighbor think better of you. Somehow or other people feel a lot safer when they live next door to a man who attends church on Sundays. You will think better of yourself if you go to church tomorrow and your wife and kiddies will think better of you than they have ever done before. Besides all that, you are not the right kind of human being if you don't go to church.

Climate never has seemed to effect the growth of Ada. At times as cold as the coldest and at times as hot as any old place, dry today and raining cats and dogs tomorrow, the city goes on building just the same. Today the residences are springing up like mushrooms after a September rain and business houses are building on all the business streets of the city. We have never had a boom and we have never had a slump. Such is Ada, a live, healthy, growing city in a rich and prosperous section.

We do not know what Congressman Britten bases his assertion on that Great Britain is helping finance the Democratic campaign and have no means of knowing if his assertion is true. But we do know that four years ago the president of the German-American alliance boasted that his organization financed the campaign of one Charles E. Hughes.

We repeat that it will be the part of wisdom to do your Christmas shopping early.

Chautauqua Goes Witness Splendid Display of Talent

At the afternoon and evening programs yesterday at the chautauqua the audiences were entertained by the performances of Mr. and Mrs. Herbert Sprague and the lecturing of W. H. Nation.

From the statement of those present yesterday afternoon the "Character Studies from American Life," presented by the Spragues, and the lecture, "Chips Off the Old Block," by Nation, were highly appreciated.

At the evening program the Spragues presented "Rip Van Winkle." Mr. and Mrs. Sprague played all the character parts very cleverly.

Mr. Sprague as Rip was an artist at his job. No one could have acted out his part as a lazy, drunken and comical man any better. The younger ones especially were kept almost constantly in laughter. The older ones, also, enjoyed the acting thoroughly. Mr. Sprague, we may say, also acted out the other parts with equal ability.

Mrs. Sprague featured principally in the part of Gretchen, wife of Rip Van Winkle. She indeed made those present see the awful fate of the woman who has to contend with a drunken and worthless husband. She also, successfully handled the other parts.

W. H. Nation followed the Spragues with his lecture, "What I Think of Your Town." He brought out the thought that we must provide wholesome amusements for the young life if we would save them from evil. He is firmly of the belief that no community can ever be first-class until it gives the growing life plenty of entertainment of the right sort. He pointed out that the right program would be instituted when we created parks and places of decent entertainment.

The speaker knocked the knocker and severely scored those individuals who were chronically opposed to all measures planned for the uplift of the community.

The tightwad was also given his share of the jolt. The hide was taken off those people who continually hoard up treasures on earth and live as poor as Job's turkey. Nation believes in "wasting a little gunpowder," as the skin-flint calls it. He believes that we need some sort of diversion to give us pep for our work.

Nation's speech as a whole was simply an effort to arouse us to the need of cleaning up our community, building it up and filling it with progressiveness.

Nation seemed pleased with the interest of those present and those present were pleased with him.

This evening will close the chautauqua. St. Cecilia's Singing Orchestra will entertain and the junior chautauquans will put on their pageant.

Get Your Exhibits Ready for the Fair Request Officials

The officials of the Pontotoc county fair are sending out a last request for the people all over the county to get their exhibits ready for the great free fair to be held at Ada, the county seat.

At the present, as you are familiar with, the school fairs are being held. These will be followed by the township fairs and then will come the summing up of all in the county fair at Ada.

The directors of the county fair are holding a meeting here this afternoon to make all necessary final arrangements.

The ribbons and prizes are waiting to be carried off by the successful growers and producers.

ADA TO HAVE BIG FALL STYLE SHOW

Leading Merchants of This City Planning Event as Easterners Have.

Following the customs established by the leading merchants of the great east, the enterprising merchants of this city are to give a Style Show at the McSwain Theater on September 8.

This fashion pageant will be the first of its kind to be introduced in this country and it is already noted that many people are very eager to witness a fashion display of home-product variety.

The new McSwain theater is to be the scene of one of the most gorgeous and elaborate entertainments in the history of Ada gatherings. Eight living models will show the gowns from the stores and the stage will be decorated by the best artists in the city.

To say that this occasion will be a grand success is a repetition of statements made a few days ago, however, these will bear repetition many times without the slightest interruption.

The entertainment program will include musical numbers, both vocal and instrumental, and many added attractions to the day's program are in store. The windows over the city will be decorated and so arranged as to give the visitors a chance to see the actual offerings of this season's goods.

Bear in mind the date, September 8, at the McSwain Theater, in the city of Ada.

Church News

(By Rev. W. J. EPTING)
Pastor Baptist Church of Madill
The sweetest, dearest and most beautiful of life's ideals cluster about the home; some one has said that the three sweetest words in the English language were Mother, Home and Heaven.

Out of the ideals and discipline of the home are the issues of all life, whether social, industrial, or political, or religious, patriotism, Sabbath observance, reverence to God, labor reforms are impossible except there flow out from the home the elements out of which they are wrought. Preaching and teaching become effective and emphasizes, by precept and example the salient principles of life and truth.

No teaching today is more needed than that which concerns itself with the upbuilding of the home the greatest problem before the American people is the home problem, if the home is pure the church, the county, the state, the nation, will be pure, but when the home is governed by low ideals, all other institutions will trail in the dust. If the home is the spawning of irreverence, unchastity, dishonesty, cruelty, falsehood, and blasphemy—we may expect to deal continually with anarchists, murderers, rapists, counterfeiters, prostitutes, and feudists.

The church and Sunday school are failing to do the work committed to them not because the church and Sunday school are indifferent and inefficient, but because home religion is becoming a lost art. Parental authority is becoming the tail of the kite. We are becoming so humane that the rod is being spared and the child is spoiled. The soil must be prepared in the home kindergarten, if a harvest of good citizenship and righteousness is ever garnered.

The children and young people that are swarming the streets after nightfall, thronging the picture shows often unaccompanied by parents or without an escort will be the fathers and mothers of tomorrow, ideals are being gathered in the presence of blind, indifferent parenthood, that will soon be crystallized into fixed character. When the home fails to represent Godliness it is failing to represent the work for which it was ordained.

As the race loses home identity, it becomes driftwood and debris, swept away by impulse and passion. The home is God's own first institution and when it disorganizes Him and His laws, wreck and ruin are the inevitable. The daily grind in our American divorce court indicates (somewhat) of the status of our home life, in the last few years divorces have increased over seven hundred per cent, during the past year in one state in our nation there was about the same number of divorces granted, that there were marriage license issued, we sneer at Russia's free love and no home fallacy, but I wonder if we are unconsciously being effected by the wild chant from the jungle. God only knows where we will land if the formative period has been poisoned by wrong ideals. The juvenile courts are testimony to the disintegration of the home.

The land is filling up with beautiful resident structures, there is an extravagant outlay of money in the building and furnishing of homes. Fatherhood and motherhood and filial devotion are wrought out and expressed in character and not in external adornment.

If filial disobedience continues to increase as it has in the last decade it will be no unusual thing to hear of tragedies resulting from an effort to retain or force submission. Here and there a father and mother retain the Puritan idea,

but their children associate with others who know no restrictions, have no idea of obedience, and the task becomes bitter. When we come back to the time honored Puritan home ideal, we will return to the fundamental principle which made America glorious, and our country noted for its purity, patriotism, and its unequalled regard for womanhood, childhood and home.

When you feel lazy, out of sorts and yawn a good deal in the day time, you need Herbine to stimulate your liver, tone up your stomach and purify your bowels. 60c. Sold by Hensler & Story. (adv.)

Rollins-Anderson Nuptials
Saturday night at the county court house occurred the marriage of Mrs. Will C. Rollins, daughter of Judge Isaac O. Lewis, and Stuart Anderson of Ada, Elder Milholland of Denison, Texas, now holding a revival at the Christian church officiated.

Mrs. Anderson is well known in Madill and Marshall county, having been born, reared and schooled here. She has always made Madill her home.

The groom is connected with the Ada Electric Company of Ada. He will sever his connection with his company and make Madill his future home.

The wedding was a surprise to Mrs. Rollins' many friends in Madill. Their best wishes will follow Mrs. Anderson.—Madill Record.

TULSA WILL ENTERTAIN MANY RETURNED HEROS

By News' Special Service:

TULSA, Aug. 28.—More than 1,000 former soldiers have made reservations to attend the second annual convention of the American Legion to be held here on September 6 and 7. Hotel operators have promised every room not used by permanent tenants for the use of the veterans during their stay. Delegates will be present from more than 200 cities and towns of the state.

Following the business sessions of the first day a boxing bout has been arranged at Convention Hall for the entertainment of visiting delegates by Joe Carson Post No. 1, which is acting as host for the convention.

Business of the organization to be transacted at the convention is so heavy that it has been necessary to change the time of meeting from one to two days. Policies of the Legion to be followed during the coming year and a legislative and Americanism program are to be worked out.

A spirited contest for the next convention is in view with announcements made by both Muskogee and Lawton posts that they will seek the annual meeting.

Bernice Dalley Dead.

Bernice, the three year old daughter of Mr. and Mrs. W. B. Dalley, of Tupelo, died at the home of Lee Daggis this morning at 5 o'clock. Death was due to scarlet fever.

Interment was made in Rosedale cemetery at 11:30 this morning with Rev. C. V. Dunn officiating.

The family was visiting with Mrs. Lee Daggis, sister of Mrs. Dalley.

Boy Was Wounded Last Evening While Walking On Street

Dell Turley received a glancing shot in the neck last night while walking down the street in the business section. The bullet was fired from an automatic pistol and had glanced from some obstruction or else was spent, as it inflicted only a slight wound. Turley is said to be seventeen years old.

Rance Jones was arrested this morning on the charge of having fired the shot that wounded Turley. Four charges have been filed against Jones—assault with a deadly weapon, carrying a pistol, drunkenness and disturbing the peace. He made bond in each case and was released, the sum of the bonds being \$2,900.

It is reported that the defendant Jones was in a car last night with Ben Stegall and Stripling, that Jones was drinking, and that the other boys were taking him home or trying to get him to go home. Several shots were fired on North Mississippi, and afterwards in the downtown section three shots were fired, one of which struck the Turley boy.

American

A love idyll of the Cumberland mountaineers by John Fox, Jr., which was published under the title "A Mountain Europa," has been adapted for the screen, and under the new title, "A Cumberland Romance," comes to the American Theater in this city on Monday.

Mary Miles Minter is the star, while prominent persons in the supporting cast are Monte Blue, John Bowers, Guy Oliver and Martha Mattox. Charles Maigne, who will be remembered for "The Fighting Chance" and "The Copperhead," wrote the scenario and directed the picture, which is said to show the finest work that the star, Miss Minter, has even done.

Today's offering at the McSwain consists of "Electricity," the electrical wonder. Prof. Monceria and a picture program are added to make the program for today the best ever. The McSwain orchestra plays the pictures.

SISLER TOPS LIST OF AMERICAN BATTERS

By the Associated Press

CHICAGO, Aug. 28.—George Sisler, St. Louis' star first baseman, who hit consistently in twenty-four consecutive games before he was stopped recently, continued to top the list of American league batters who have participated in fifty or more games, according to averages released today and which include games of last Wednesday. Sisler is batting for an average of .401. Tris Speaker, the Cleveland manager, suffered a further slump in his batting in the past week but continued to be the runner-up to the St. Louis star with an average of .394. "Babe" Ruth, the home run king of baseball, who was tied with Joe Jackson, the Chicago slugger, went into a batting slump and dropped away from Jackson with whom he was tied last week for third place Jackson is hitting .380 while the New Yorker is batting .376. Ruth bagged one homerun since the last averages were compiled and his string was stretched to 43. He continued to lead in runs scored with 132 and a total bases of 312.

Rice of Washington failed to add to his total of stolen bases, but continued out in front with 45 thefts. Other leading batters: E. Collins, Chicago, .356; Meusel, New York, .353; Rice, Washington, .348; Jacobson, St. Louis, .345; Weaver, Chicago, .343; Hendryx, Boston, .340; Judge, Washington, .335; Earl Smith, St. Louis, .330; Milan, Washington, .327; Felsch, Chicago, .325; Jamieson, Cleveland, .324; Cobb, Detroit, .322.

Each Flower Has a Story All Its Own

The gorgeous chrysanthemum promises wealth and abundance. Originally it was a plain yellow flower and the present beautifully colored flower is the result of cultivation by the florists of Japan. The name is derived from a Greek word meaning golden flower.

Many medicinal remedies are obtained from this flower, which has, however, no perfume.

Cultivated Widely. The chrysanthemum is cultivated widely all over Japan, except in Himeji, and the following legend explains this exception.

In a great castle in Himeji lived a very wealthy man. One of his maid-servants, called O-Kiku, meaning chrysanthemum blossom, was accused of stealing one of the gold plates which she had in her charge. Being unable to prove her innocence she drowned herself, and thereafter her ghost could be heard counting the plates, Ich-mai, Ni-mai, Sen-mai. When she came to ten, she would utter a despairing cry. Her spirit passed into the body of an insect who resembled a woman's head with disheveled hair. Its name signifies the fly of O-Kiku, and it is found nowhere but in Himeji.

Another legend tells of the origin of the flower. A beautiful girl had been told by an elf that her lover would marry her and would live as many years as the flower she would choose, had petals. She searched for a flower and finally chose a Persian

carnation. With a gold hair-pin she deftly separated each petal into two or three parts until she had three times as many petals as before, and so the Ki-Ku, as the Japanese call it, was created.

MUCH IMPROVED MISKE WILL MEET DEMPSEY, IS REPORT

Jack Dempsey (left) and Billy Miske. Comes word from Benton Harbor, Mich., where Champion Jack Dempsey and Billy Miske are training for their fifteen-round scrap Labor day, that the Miske who will face the champ will be in much better physical condition and considerably heavier than the chap who tackled Dempsey two times before and stayed the limit both times. This makes the bout—the first for Dempsey since winning the title—loom up all the more. The coming battle is attracting more interest than any ring event since Dempsey massacred Willard a year ago last July.

Miske can cop the king's crown by knocking him out.

Teacher Training Course
Recently the first year's work in the training course for Sunday school workers was completed by L. T. Walters and Mrs. C. E. Parker. A certificate was granted them by the International Sunday School association. They made splendid grades, lacking only a little of reaching 100. We are now about to begin on the second year's work. Those who have not done the first year's work can take the second any way. Three books will be studied this year, the first of which is "From Eden to Jordan," by Charles S. Medbury. This book will take up the following subjects:
1. In the Beginning.
2. The Creation.
3. The Fall.
4. The Deluge.
5. Generations of Noah and the Dispersion.
6. Early Days of Abram's Life and Labors.
7. Later Days of Abram's Life and Labors.
8. Life and Times of Isaac and Jacob.
9. Joseph Rejected by His People.
10. Joseph, the Savior of His People.
11. Review of the Book of Genesis.
12. Preparatory Days of Moses' Life.
13. Moses' Labors in Egypt.
14. Early Days in the Wilderness.
15. The Law.
16. Jewish Feasts.
17. The Altar and Tabernacle.
18. The Priesthood.
19. Closing Days in the Wilderness.
20. Review of the Pentateuch.
Any person taking this five months' course will have a thorough knowledge of Bible history up to the crossing of the Jordan and entering Canaan. The book we expect to study costs only fifty cents. We expect to have a large class. Anyone interested may inquire further of C. V. Dunn, the minister. The course will begin Monday evening, Sept. 6.—C. V. Dunn, Instructor.

SCHOOLS TO OPEN THE NEXT MONTH

Students Busy Preparing for Opening of Schools.

Every school child and college student should have a good Fountain Pen. The "M. T. Parker Special" is the ideal pen for the student as well as for the grown folks. It is a medium size safety, self-filler, the latest improved style—writes smoothly always, never leaks, and is guaranteed to give three years' satisfactory service. In order to introduce this wonderful new pen into every locality we make this wonderful offer: Simply send us your name and address—no money—and we will send the pen by parcel post, prepaid. When it comes, merely deposit 93 cents with the postman to help pay for advertising, boxing, etc. If you are not satisfied, mail it back to us within five days and we will return your deposit, but if you decide to keep it, it's yours—there's

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.

Church News

First Baptist Church
Sunday school begins tomorrow at 9:45 promptly. We are very anxious for every pupil to be present and bring some new pupil with you. We have classes for all ages and it will be a delight to have you present.

At the morning hour the pastor will preach on the subject "The Man of the Hour." We are hoping to have a good congregation present at this service.

The Junior and Senior B. Y. U. will meet at 7:15. These two organizations are for the young people. The Juniors for boys and girls from ten to twelve, and the Seniors for young people from sixteen years up.

At the evening hour the pastor will preach an evangelistic sermon, and will appeal to the unsaved to make a surrender to Jesus Christ.

We are having splendid congregations and it indeed a great joy to see the people come to the house of the Lord. We want to do you good and are putting forth our best efforts in that direction.—Clyde Calhoun Morris, Pastor.

Presbyterian Christian Endeavor
Prelude—Bernice Roach.
Topic—The Beauties and Wonders of God's World.

Song service.
Scripture: Ps. 56:1-13—Clara Rayburn.

Series of prayers—Led by Geraldine Hale, Thelma Roberts, Maurine Evans, Miss Mollie Russell.

What may be known of God from nature?—George Bowman.

What purpose is served by the beauty of God's works?—Maurine Evans.

What are some works of God that he has especially used as reminders of his promises?—Miss Mollie Russell.

What more may be learned from nature now than in the Psalmist's day?—Lois Sloan.

Give one lesson that Christ drew from nature—Bernice Roach.

What should God's works mean to a Christian more than to others?—Don Evans.

First Christian Church.
Second Block, S. Broadway.
Every person who is a member of the Sunday school should make an effort to be present tomorrow morning. Every member of the church also should be present. Why not? The weather is cool. No one needs to suffer from the heat. There ought to be a large attendance in the morning. The Lord's Supper should be observed each Lord's Day, according to the example of the early church. This will be done tomorrow at the close of the Bible school.

There will be no preaching morning or evening. C. V. Dunn, the minister, will be at Rocky Chapel. He will preach there this evening, tomorrow morning and evening. Preaching will begin again in Ada on Sunday, September 5.—C. V. Dunn, Minister.

Methodist Church Service.
The pastor has returned from his vacation and will preach at the morning service and at the evening service. He extends a cordial invitation to all the members and friends to be present at both services.

PAIGE

THE MOST BEAUTIFUL CAR IN AMERICA

IN actual service, our seven-passenger model has proved itself a car of superlative worth, possessing every advantage of the high-powered car, yet remarkably free from the customary disadvantages.

It satisfies every requirement of power and speed, without imposing a burden of excessive upkeep.

The Paige Six-55 meets the demand for a car large in size, yet moderate in price. A more beautiful, and luxuriously comfortable vehicle is not to be found on the automobile market today.

HEAD OF NATIONAL WOMAN'S PARTY CELEBRATES SUFFRAGE RATIFICATION

Miss Alice Paul, chairman of the National Woman's Party, was photographed just as she was staging an individual celebration of Tennessee's ratification of the suffrage amendment. She is standing beside the suffrage flag, which has thirty-six stars at last. Query: What has Miss Paul in her glass?

OLD TIMERS TO PULL GREAT SHOW

101 Ranch at Ponca City to Be Scene of Celebration Sept. 5 and 6.

By the Associated Press
PONCA CITY, Okla., Aug. 28.—Veterans of the opening of the Cherokee Strip September 16, 1893, will add another feature to the 101 ranch Labor Day celebration September 5 and 6, when "strippers" from the valleys of the Arkansas, the Salt Fork, the Chickasaw and the Cimarron will gather for a reunion and contest. These early settlers of the new territory will relive the days when their "tarp" and the chuck wagon were their only subsistence, and swap stories that have been forgotten to many, and yet vivid to others.

A big camp-fire, smoker and story-telling hour will be held at midnight on Sunday, September 5. The old-timers will bring their bedding and sleep on the open prairie, eat from the old chuck wagon and conclude with a barbecue and "mulligan" feast.

Cowboys who will attend the reunion will stage a contest, with various events open to all comers and with a roping contest for Indians only. An added attraction will be a roping contest wherein the participants will be given the swiftest footed ostrich to rope, and the first to get a lariat around his neck will be awarded a cash prize. As an ostrich is much swifter of foot than the average horse, cowboys and Indians alike are eager for this contest, as it breathes of a new thrill in roping contests.

OUTLAWS HIDING PLACE IS FARMED

Old Headquarters of James Boys and Cole Younger Produces.

WATONGA, Okla., 28.—What once was the rendezvous for notorious outlaws, the old hog ranch, north of the Cimarron river a few miles east of the mouth of Eagle Chief creek in Major county, known to old settlers of the Cherokee strip, has been transformed into a productive truck farm, and modern ranch.

Near the main spring on the side of the hill, a dug-out, obscured from the sight of the passing stranger, once the headquarters of the famous James and Younger band, is still intact. However, the larger number of springs of pure water which run out at numerous places along the hill, and where it was once unsafe for a law-abiding citizen to stop for a drink, have been diverted into a basis of a profitable irrigation system. Dams have been constructed for a big reservoir and pipelines laid to Fairview, the county seat of Major county, to furnish the city its water. Canals and ditches carry water for irrigation to all parts of the

new farm; ponds have been built and supplied with fish, and many other improvements made.

The Dalton clan of outlaws sought the seclusion of this hill and its commanding observation many times when hard pressed by pursuers, old settlers say.

Ollie Bragg.

The body of Ollie Bragg, sister of Mrs. George Harrison, will arrive tomorrow on the Santa Fe from Enid.

The funeral services will be held at the home of Mrs. Harrison and the interment will take place at the Rosedale cemetery.

AMERICAN THEATER

DO YOU KNOW ANY OF THESE BOYS?

Following a report from Cleveland, Ohio, of the attempt of a swindler to profit by the grief of a mother whose inquiry was published in this department, the American Legion Weekly, by arrangement with which these cases are published, announces that it will prosecute all such offenders. These additional cases are presented:

John R. Tune, Pvt., M. G. Co., 11th Inf., reported dead on Oct. 21, 1918. Buried in American Cemetery No. 624, Les Placys, Meuse. Information about his death wanted by brother, George R. Tune, Troy, Tenn.

Arthur W. Rettig, Pvt., M. Company, 26th Inf., "presumed" killed in action July 18, 1918, but two buddies say that he was only wounded. Further information is sought by mother, Mrs. Olive Rettig, 189 Moss Ave., Oakland, Calif.

JULY IS THE BEST MONTH FOR BANKS

Earnings Are \$18,000 More Than Any Other Month.

WASHINGTON, Aug. 28.—Earnings of the federal land banks established a new record in July, their net return totalling \$257,203, approximately \$18,000 more than in the previous record month, last February.

"The increase in net income for July," said Commissioner Lobdell, "is explained by the fact that while the fixed gross income is the same—new loans being temporarily suspended as a result of pending litigation—the land banks have reduced their operating expenses through a reduction in personnel. Dividends will be paid as usual."

Outstanding loans aggregate \$344,475,000, it was announced.

Not the Only Ada.

There are in the United States three towns named Ada. The largest is Ada, Pontotoc county, Oklahoma, whose population, according to the present census figures, is 8,012. The smallest is Ada, Norman county, Minnesota, with a population in 1910 of only 1,000. The other Ada is in Hardin county, Ohio, which in 1910 had a population of 2,000.

Idaho has a county named Ada. Ten years ago this county was rather thinly settled, having a population of only 1,350.

There is a city named Ada in the district of Bacs-Bodrag in Hungary. Its population at the time of the last Hungarian census was 13,000. It is pronounced "ah-dah" in the native dialect. Since the ravages of the war have reduced the population of all Hungarian cities, it is probable that the largest Ada in the world is Ada, Oklahoma.

Old British law recognized no right to bequest lands which it held to belong to the family rather than to the family's head.

VIENNA CENTERS AIR NAVIGATION

Lanes Are Laid via Prague In the North and South Over Italy.

By the Associated Press
VIENNA, Aug. 28.—If plans now making are carried out, Vienna will become one of the great centers of European air navigation.

When soon after the conclusion of hostilities, England, France and Italy prepared to straddle and criss-cross Europe with air routes, it looked as if Austria were to be left out altogether in favor of friendly countries, the lanes being laid out via Prague in the north and south over Italy, Laibach and Agram. With the arrival here of various missions and an understanding not only of the favorable geographical location of Vienna but also of its existing facilities, the scheme has been changed to center many of the lanes here.

It is understood that Colonel Barres, chief of allied aviation control in Austria, takes this view and favors the use of the great Aspern aviation field as a central station. This field is only a few miles from Vienna and is abundantly equipped with hangars and repair shops, gasoline tanks and all the paraphernalia of a great war plant.

Companies subsidized by the British government are arranging for an air line from London by way of Bussels, Coblenz, Munich, Vienna, Budapest, Belgrade and Sofia to Constantinople. Vienna is exactly in the center of this route, which is 2,400 meters long.

One of the officials of the British Vickers concern has been here perfecting an arrangement with the Vienna Aircraft Navigation company to care for the service between Munich and Vienna and Vienna and Budapest. This contemplated care of planes at Aspern, their repair, transshipment of cargo when necessary and looking after passengers, who will be brought by motor to Vienna hotels and back to the Aspern field.

While the London-Vienna-Constantinople route represents the great West-East line, the North-South route is planned from Berlin by way of Graz, Klegensfurt or Trieste, Udine and Padua, connecting there with Milan, to Rome. Both Graz and Klegensfurt have first rate aviation fields.

In Germany it is reported the Lloyd Air Service has pooled interests with the North German Lloyd and is understood to have concluded arrangements with the Vienna Aircraft Navigation company for the latter to take entire charge of its interests on Austrian territory. Offices have already been opened here and regular airplane trips to nearby points of interest have been inaugurated.

Paying Taxes Due.
Paying taxes for districts two, three, four and five are now due and payable at this office up to Sept. 15th, when all delinquents will be certified to the county treasurer. This is the last installment for district two, the third for district three, the second for district four and the first for district No. 5.

ENGLISH PEOPLE TAKE VACATION

Railroads and Coast Wise Steamship Companies Crowded.

By the Associated Press
LONDON, Aug. 28.—Never has there been such an exodus from the larger cities of England to seaside and village for the vacation period as this year. Railroads and coast-wise steamship companies have been unable to cope with the traffic and lack of housing facilities at the more popular resorts have forced thousands to sleep on the sands until they can arrange to get back home.

August, partly because of custom, and partly because this month is the warmest of the cool English summer, is the great holiday time of the country. This year the government decided to raise railroad fares to 75 per cent above the pre-war level in order to recoup some of the losses incurred in operation by the government. This increase was made in face of a solid press campaign against it and was announced to become effective August 6. Consequently thousands who had planned their vacations later changed their plans to avoid the fare increase. The decision to go early came too late to arrange for accommodations at resorts and thousands left home with the idea of taking a chance on getting rooms. The result was congestion everywhere.

At some of the London stations people waited seven hours to catch trains. Trains to Brighton were heavily loaded long before the hour of departure. At Liverpool they took positions Friday night to obtain places on the boats Saturday to the popular Isle of Man. The boats were loaded as rapidly as they could be docked but thousands were left behind when Saturday night came. People on the wharves were admonished by officials not to go unless they had accommodations on the island. Few heeded it, however, and that night the beaches were almost covered with persons unable to get shelter or unable to pay the high prices resulting from the influx.

Thousands went to resorts by motor car-bances which have become very popular this summer because of high rail fares and inconvenience of crowded trains. It is a custom in England for many people of the less influential classes to marry on "bank holiday," the first Monday in August. They take their fortnight vacation for the honeymoon. At one village two hours before a train left for a popular nearby resort, 20 couples were lined up in front of the village church waiting their turn for the parson to do his duty.

Vagrancy Charge Draws Big Fine for Pair of Transients

Montee Price and Henry Price were arraigned in justice court yesterday on a charge of vagrancy and assessed \$30 each. In default of payment they are still in the county jail. The accused were arrested by the county officers at the Katy station several nights ago and being unable to show cause, if any they had, why they should not be vagged, they were vagged then and there. They claim to be from Searcy, Arkansas, etc.
